

26th Trade mission and Congress, Doing sustainable business between Suriname and the Kingdom of the Netherlands, the Caribbean & Latin America

Press release

Debate: Rebuilding the Leeward and Caribbean Islands May 31 Hotel Royal Torarica, Paramaribo.

In September 2017, hurricane Irma left the Caribbean Leeward Islands with total destruction and devastation. Much time and energy will have to be spent to rebuild the islands and to get the local economies recover from this natural disaster.

*During the 26th international congress titled: “**Sustainable business between the Kingdom of the Netherlands, Suriname, the Caribbean region and Latin America**”, we will alter the initial programme so as to include time to discuss what business can do and how it can contribute lifting the current problems and to restart the local economy. The Kingdom of the Netherlands is involved due to the destruction on the islands of St. Maarten, Saba and St. Eustatius, which form part of the Leeward Islands. It is therefore, that the topics in the afternoon on 31 Mayr 2018 will be geared towards ‘**Rebuilding the Leeward and Caribbean Islands**’.*
