Trade Mission Date:
November 26th 2005 - December 3rd 2005.

Aims:
To bring together Antillean, Aruban and Dutch entrepreneurs to share interesting aspects of their respective activities, to do business and possibly to establish forms of co-operation. The Trade Mission also provides an excellent opportunity to interest the Dutch, Antillean and Aruban market in your products and services, or to explore the Dutch, Antillean and Aruban market and its wide variety of products.

- Selling your products and services on the spot;
- Arranging for a speaker to give an interactive presentation or workshop;
- Getting a third party to represent you;
- Making agreements with specific customers and potential partners via the Matchmaking Program.

What are the opportunities?

- Promoting your business;
- Attracting (potential) clients;
- Providing detailed and effective information to your target group;
- Networking.

Congress:
Under the motto: “Sustainable Economic Developments within the Kingdom of the Netherlands”, the congress program will feature topical aspects of the Netherlands Antilles, Aruba and the Netherlands. These will include a policy vision, the infrastructure (ports, airports, free zones) and the business climate as well as training/education, health care, (fire) safety, security environment, renewable energy, water, trust, finance and tourism.

Matchmaking Program:
As a participant you are entitled to take advantage of the Matchmaking Program, with InterExpo acting as intermediary between the participants and their potential customers or business partners who will be invited to meet with the participant(s).

Promotion and Media Plan:
The visit by the Antillean, Aruban and Dutch Trade Delegation will have extensive coverage in the (local) media. The event will also be promoted by direct marketing in conjunction with Antillean and Aruban organizations.
